To Whom It May Concern:

**Re: Letter Of Recommendation – Cameron Building Maintenance**

I am writing this letter to recognize the exceptional service provided by Cameron Building Maintenance whom I have had the opportunity to work with for several years via one of our largest and busiest strata clients in Kelowna.

Ivan Petrosevic has been the primary on-site representative with the support of further staff who are contracted to provide janitorial services but also a variety of coordination roles in the building from concierge to security as well as performing minor maintenance seven days per week. Joe Cameron oversees his staff to ensure effective and efficient service. Joe is always professional and approachable.

I would recommend Cameron Building Maintenance without reservation not only because of their diligence and quality of service but also for their loyalty which is second to none.

If I can be of assistance in providing further details, please do not hesitate to contact me at 250-869-8824.

Regards,
