To Whom It May Concern- INVUE Properties 2040 Springfield Rd

Over 2 and half years ago the Strata Corporations at the INVUE hired Cameron Building Maintenance (CBM) to run the operation 365 days a year, overseeing everything with their acting super/manager for 8 hours per day.

After consulting many companies, Joe Cameron listened to our needs and designed a contract and took control and touched every area of this building with the greatest of professionalism. The building quickly began to look new after a short period after hiring CBM and it was obvious in a very short period that CBM was the right choice and their presences at INVUE only became stronger and more knowledgeable and we the council rely heavily on their expertise and professionalism!

INVUE is like a new building and you would never know that the building was over 5 years old. Mr. Cameron has an excellent source of vendors he works very close with and when he engages his preferred list they perform in the greatest of professionalism and work in harmony to get the highest of success as a team.

I cannot say enough about CBM, all visitors and prospective buyers are amazed at the cleanliness and attention to detail that is shown in our building, our home and we are most grateful and very thankful we have Joe Cameron and his staff looking after us.

Thank-you Joe Cameron!!!!!!!
