

re: Cameron Building Maintenance

To Whom It May Concern,

We have been using Cameron Building Maintenance in our 33,000 square foot Automotive Dealership facility for around 2 years now. In the past we have used many different janitorial companies with little success in the long run. Other companies would do a decent job initially, then after a short period of time the quality of the job would diminish quite rapidly.

After seeing the very positive results first hand with Cameron, we would certainly recommend them to anyone that is concerned with their building's image. The quality of work has been consistent every day! The staff are respectful of our property, friendly and courteous. We are very happy with their work.

Sincerely,
