To Whom it May Concern:

RE: Cameron Building Maintenance Inc.

Cameron Building Maintenance has been responsible for the building janitorial duties for Shaw Cablesystems in Kelowna for over 8 years now. They are accountable for nightly cleaning of 2 large office buildings, which also includes our Warehouse.

No matter what the request or how short of notice, Joe Cameron is always available to us and eager to please. He takes immediate action to address any needs or issues we may have and will rectify in a timely manner.

On occasion we also have them do floor polishing in our hub sites in Kelowna, West Kelowna, and Winfield. There is a lot of sensitive and highly secured equipment in these buildings and we feel confident having their staff on site. These also tend to be very short notice requests but Joe has always been able to accommodate us and have things completed around our schedules.

We would highly recommend Cameron Building Maintenance as a trustworthy and dependable company.

Sincerely,
SHAW CABLESYSTEMS G.P.
